Madness

they were confused however the government now know what they're doing.

If you see a set of symbols call government, keep your eye out and keep it quiet.

By Alexander M

Yesterday morning, at St.Peters , Budleigl, a discovrey was made by their caretacker Mr. cotton. The discovrey was on their staffroom wall it's a collecton of symbols.

A few hours later,a proffeser came to the school, the proffeser has translated one of the symbols th the word Alpha Centauri. The first one was found in denmark.

It's suggested that the message was from aliens. The proffeser stated "we have seen this before in 50 diffrent counteis 50 diffent times." The first they ever saw it
